

# FRESH LEMONS

• • •

FROM OUR ORCHARDS  
TO THE WORLD

# MORE JUICE, MORE FRESHNESS

Citrusvil's lemons have excellent characteristics, such as high juice content and perfect state of ripeness.

Our lemons are certified by international standards, which guarantee properties for health and have multiple uses in the beverage and food industry. Citrusvil's lemons are distinguished by their freshness and high quality throughout the whole season.

# WE BELIEVE IN SUSTAINABILITY

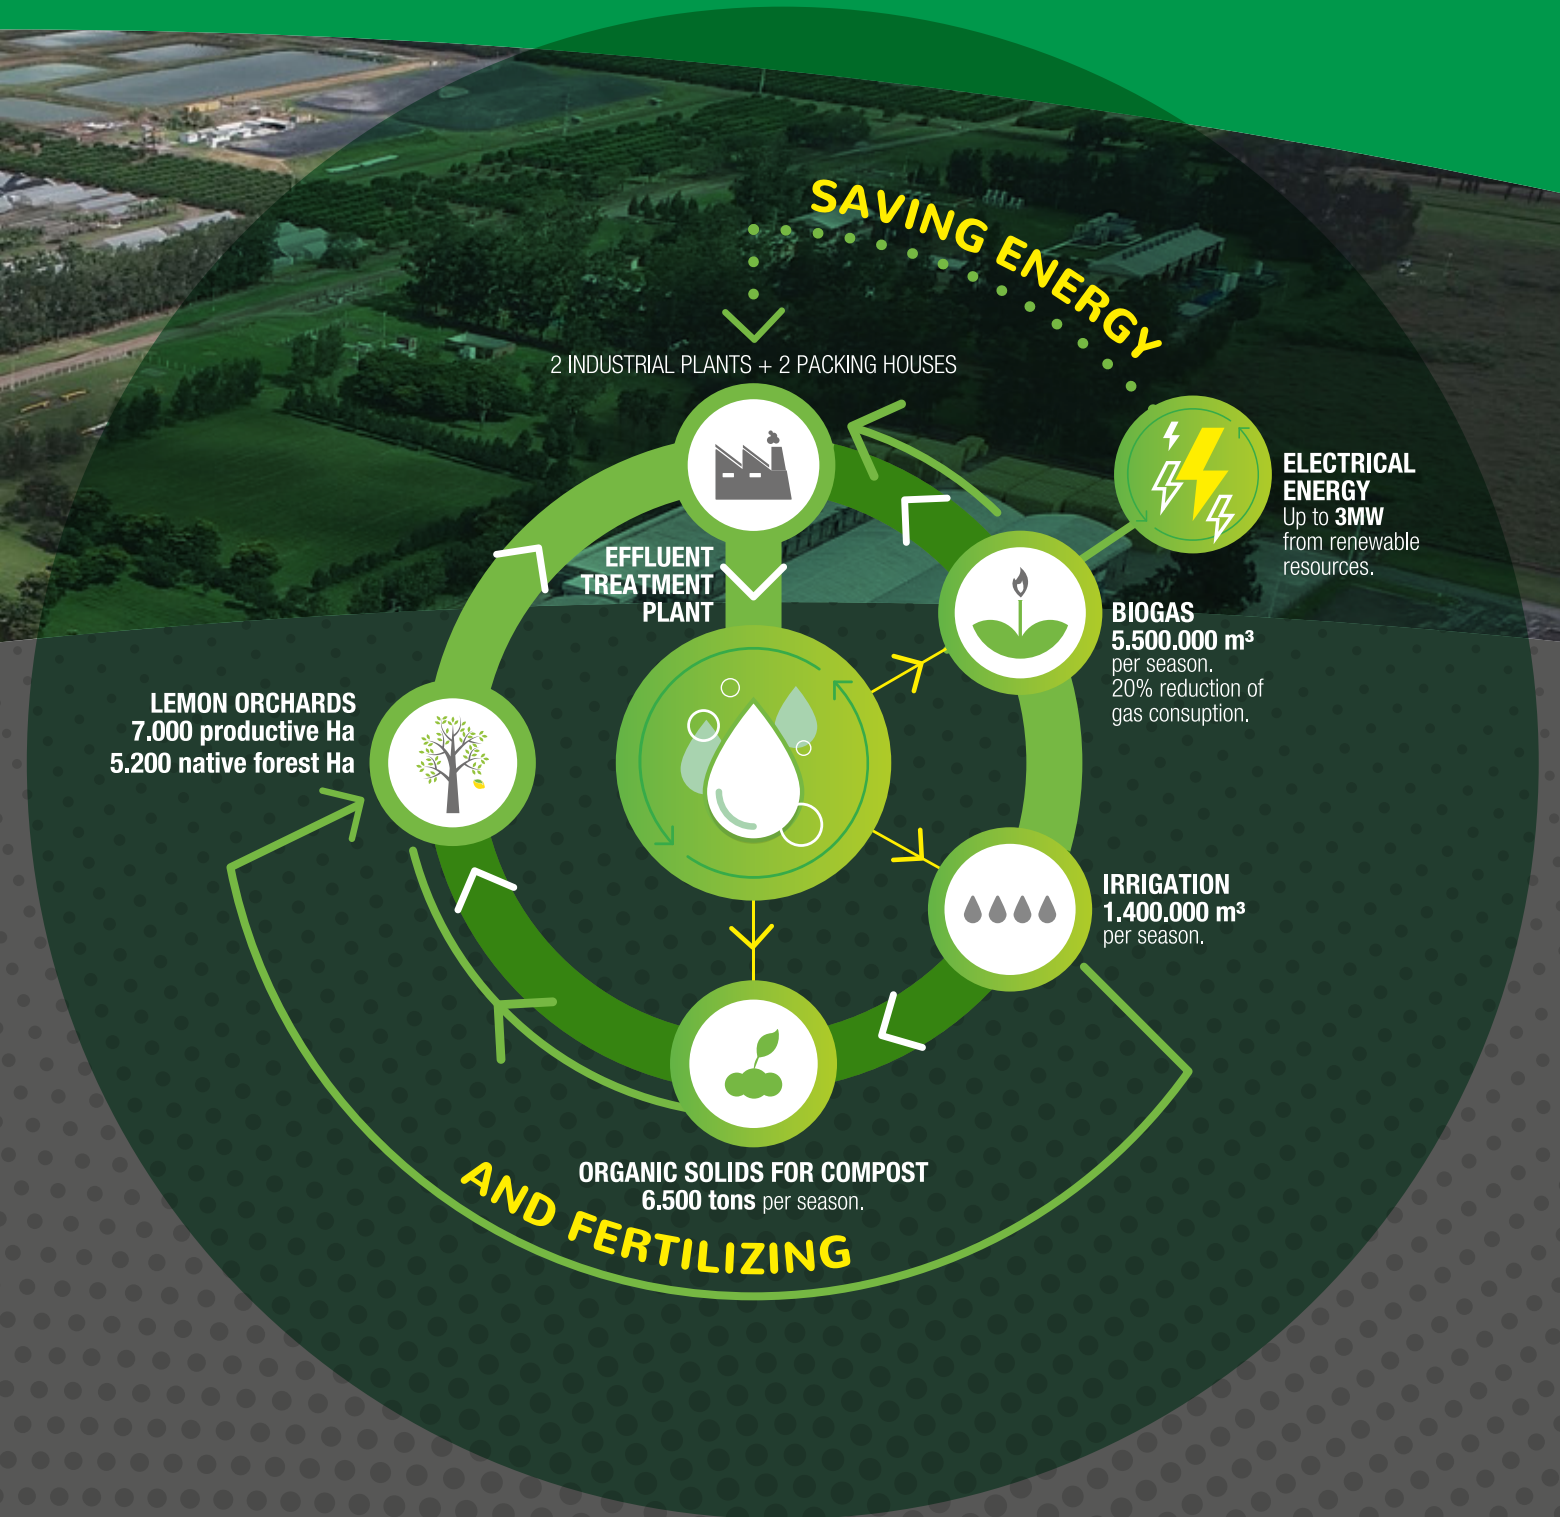

Citrusvil's sustainable production system shows our commitment with the environment.

Citrusvil counts with the first Lemon Effluent Treatment Plant in the world, designed and built to the exact standards required by the Executive Board of the United Nations and certified under the Environmental Management System ISO 14001.

Main features:

- + Shelf Life
- + Freshness
- + Food Safety
- + Juice Content

# THE LARGEST PRODUCER IN THE WORLD

**Citrusvil** supplies lemons worldwide. It is one of the largest growers, processors and exporters of lemons in the world; a pioneer industry in the Southern Hemisphere with its headquarters located in Tucumán, Argentina.

Our 50 years of expertise allow us to count on all the most advanced technology, using electronic systems to classify, pack and palletize all our products automatically. The highest technology available in the market is present in our two packing houses, **Cevil Pozo** and **Ischilon**, from where we export approximately **35.000 pallets** per season.

Technology support provides us with world-class service tailored to the needs of our customers.

Some indicators:

**50 years**  
of experience.

**2 fresh fruit packing houses**  
with capacity of **50.000 tons**.

**210.000 lemon plants**  
produced annually in our nursery.

**40.000 tons**  
exported per year.

**7.000 hectares**  
of lemon plantations.

**30.000 boxes**  
packed per day.

**2 industrial milling plants**  
with capacity of **350.000 tons**.

**More than 50 countries**  
in **5 continents**  
where our products arrive.

## OUR QUALITY MAKES YOUR EXCELLENCE

Citrusvil demonstrates its commitment to food safety, quality, environment, workers' health, safety and welfare through the certification of the following standards:

## OUR PROFESSIONAL STAFF

Our team focuses on ensuring a high quality service to all our global costumers, in the trade of fresh lemons.

**All Lemon.** Citrusvil is a member of **All Lemon Tested & Certified for Export**, the first and only label that guarantees the quality of Argentine lemons for export. The quality control process that **All Lemon** provides to its members, is endorsed by **ISO 9001-2008**, an international certification which adds value and greater confidence to our customers.

# WE BUILD SOCIAL RESPONSIBILITY

Founded in 2003, it was created with the aim of empowering rural communities in northwest of Argentina, through our own training programs, related to issues such as values, health, environment, human rights, child labour, entrepreneurship and labor insertion, thus strengthening the integral development of **children, youth, adults, and their communities.**

Our guidelines are based on the ten principles of the **United Nations Global Pact**, as well as on the work of the **Network of Companies against Child Labor** –which belongs to the National Commission for the Eradication of Child Labor (**CONAETI**)–, the counselling of international cooperation agencies –the International Labor Organization (**ILO**) and **UNICEF**–, and the ONU’s Sustainable Development Goals (**SDG**).
