WE BUILD SOCIAL RESPONSIBILITY

Founded in 2003, it was created with the aim of empowering rural communities in northwest of Argentina, through our own training programs, related to issues such as values, health, environment, human rights, child labour, entrepreneurship and labor insertion, thus strengthening the integral development of **children, youth, adults, and their communities.**

Our guidelines are based on the ten principles of the **United Nations Global Pact**, as well as on the work of the **Network of Companies against Child Labor** –which belongs to the National Commission for the Eradication of Child Labor (**CONAETI**)-, the counselling of international cooperation agencies –the International Labor Organization (**ILO**) and **UNICEF**-, and the ONU's Sustainable Development Goals (**SDG**).
